

CJA encourages as many nominations as possible. Anyone can nominate and people are encouraged to nominate their own work.
 Quite often this is the only way to gain meaningful recognition for hard work and is not a conflict of interest.
 Nominations are not votes, but the way to make the judges aware of quality work. Only judges get to vote on the entries.
 So, if you have something you feel is worthy or know of work that is worthy, please nominate so the judges can vote and decide.
 CJA Award Entries accepted until June 18th!
